RURAL ROUTE 4, BOX 128
RENSSELAER, INDIANA 47978

Dear Friends:

One of the greatest pleasures of breeding cattle is the many friendships that develop from the business.

We would like to invite you to our production sale Saturday, November 19, 1977. Join us Friday, November 18, following the North American Show, November 17, to inspect the cattle and enjoy a beef barbecue.

Our breeding herd has never been in a stronger position. We have always found winning in the show ring rewarding, but more vital, we have steadfastly tried to breed cattle that are valuable production tools to us, and to our customers, purebred or commercial.

Looking forward to your company,

Sincerely,

WAUKARU POLLED SHORTHORNS

Barry

I am quite sure that I do not have to remind you of the success of the Waukaru Polled Shorthorn Herd. As you read the information contained in this catalog and in the brochure which you have already received, you will know that this cow herd has to be ranked among the breed's most outstanding producing units.

It has been a personal pleasure and enjoyable experience for me to work on this sale with Carl & Barry Jordan and their families. No animal that we wanted to include in this sale was refused to us. There are not many bulls offered, but I feel that Lot 3, WAUKARU SHAD-RACK 6114 x, is a Herd Sire Prospect that could be used in any herd in the land. Certainly the Junior Heifer Calves must rank among the best group ever presented anywhere at any time. Past performances indicate that many champions will come from the young cattle offered in this sale.

I urge you to make every effort to attend the "Share the Harvest" Sale. I know you will be impressed with the efficiency and uniformity of this great set of producing cattle. I look forward to seeing you Friday evening and Saturday for this breed building event.

If I or any member of my staff can be of further assistance to you, please do not hesitate to contact us.

Sincerely,

WAUKARU BONNIE BLOSSOM — The trouble with sale managers is they talk you out of cows and breeding you know you should keep. This is a half dual Bonnie Jay daughter, that has done an outstanding job for us. Sells with a 3-11-77 steer calf by a son of the "Eleventh x". Bred back to the "Eleventh x."

This section must surely rank as the spotlight of our sale. Every heifer calf born in 1977 in our herd has been included in this sale offering. We feel that they are the most uniform and most outstanding group of heifers that we have yet produced.

WE WANT TO SHARE THE HARVEST WITH YOU. We will place six pairs of these junior heifer calves in the ring and let you choose one from each pair. The heifer calf that is not selected by the buyer will be retained here at Waukaru. We feel that this is a fair way to divide our very best heifers with you and to insure you that you are buying our very best. To be sure, a number of great show heifers are included in this section of the sale, but more importantly we feel they are bred right and will be capable of producing breed improvers for years to come.

TWO AMPULES OF SEMEN FROM YOUR CHOICE OF ANY OF OUR HERD SIRES WILL BE GIVEN WITH THE PURCHASE OF EACH OF THESE HEIFER CALVES.
